

## Very High Temperature Fiberglass Knitted Plain Tape & Bolt Hole / Ladder Tape: *Premium Grade*

These knitted tapes are fabricated from high quality type E fiberglass that will not burn and will withstand continuous exposure to temperatures of 1000°F / 537°C.

This material resists most acids and alkalis and is unaffected by most bleaches and solvents. It is highly flexible and conformable.

The base fiber is manufactured to the specifications of ASTM D-578, ASTM committee D13, and subcommittee D13.18.

1000°F / 537°C continuous rating, high insulation value & excellent personnel protection
