

Very High Temperature Fiberglass Knitted Rope Industrial Grade: *Soft Rope*

This knitted rope is fabricated from high quality type E fiberglass that will not burn and will withstand continuous exposure to temperatures of 1000°F / 537°C.

This material resists most acids and alkalis and is unaffected by most bleaches and solvents. It is highly flexible and conformable.

1000°F / 537°C continuous rating, high insulation value & excellent personnel protection

Very High Temperature Fiberglass Knitted Rope Industrial Grade: <i>Soft Rope</i>
